§ 211.6. Dietary services.

...b) Sufficient food to meet the nutritional needs of residents shall be prepared as planned for each meal. There shall be at least 3 days’ supply of food available in storage in the facility at all times.

§ 207.4. Ice containers and storage.

Ice storage containers shall be kept clean, and ice shall be handled in a sanitary manner to prevent contamination.

§ 205.25. Kitchen.

a) There shall be at least one kitchen large enough to meet the needs of the facility.

b) A service pantry shall be provided for each nursing unit. The pantry shall contain a refrigerator, device for heating food, sink, counter and cabinets. For existing facilities, a service pantry shall be provided for a nursing unit unless the kitchen is sufficiently close for practical needs and has been approved by the Department.
