SECTION 6. PHYSICAL ENVIRONMENT.

...(b) Sanitary Environment. The Nursing Care Facility shall establish policies and procedures for investigating, controlling and preventing infections.

...(iv) Inservice education shall be provided for all employees. This shall include the practice of aseptic techniques, such as: handwashing/universal precautions, proper grooming, masking and gowning procedures (for isolation), disinfection and sterilizing techniques, and the handling and storage of resident care equipment and supplies plus decontamination methods.

(A) Continuing education shall be provided to all employees on the cause, effect, transmission, prevention and elimination of infections.

SECTION 9. NURSING SERVICES.

...(e) Staff Development. There shall be a continuing staff development program for all nursing personnel in addition to a thorough job orientation for new personnel.

(i) Planned staff development shall be held at least monthly to review and evaluate the quality of nursing care, to teach nursing techniques and procedures, to discuss nursing problems and ways of improving nursing service, and to review and interpret administrative and nursing policies.

(A) Minutes of all meetings and a list of personnel attending shall be maintained in sufficient detail to document proceedings and actions, and shall be available to all staff members.

(ii) All nursing personnel shall be instructed and supervised in the care of emotionally challenged and cognitively impaired residents and trained to understand the social aspects of resident care.

(iii) Skill training shall include demonstration, practice and supervision of nursing procedures applicable in the individual facility. It shall also include restorative nursing procedures. Documentation shall be maintained on all skill training given to an employee and retained in his/her personnel files.

(iv) Orientation of new personnel shall include a review and practice of the procedures to be followed for evacuating residents in emergencies, and the policies and procedures of the facility. Documentation shall be maintained on all individuals and kept in their respective personnel file.

SECTION 11. DIETETIC SERVICES.

(a) Dietary Supervision. Overall supervisory responsibility for the dietetic service shall be assigned to a full-time qualified dietetic supervisor.

(i) If the qualified supervisor is not a Registered Dietitian, she/he shall be a graduate of a dietetic technician program approved by the American Dietetic Association or a dietary managers'
educational program approved by the Certifying Board for Dietary Managers. Training and experience in food service supervision and nutrition equivalent in content to the approved educational programs are acceptable.

(iv) The consultant or staff dietitian shall develop written plans and conduct or supervise inservice programs for dietary personnel on a monthly basis.

...(viii) The dietetic supervisor shall be responsible for department orientation, training, scheduling, and work assignments for all dietetic service personnel.

SECTION 14. DENTAL SERVICES.

(a) The facility shall have an advisory dentist who shall provide consultation, develop and participate in inservice education, and recommend policies concerning oral hygiene. Records of inservice education meetings shall be in writing.

SECTION 15. SOCIAL SERVICES.

...(v) Provision shall be made for in-service training to facility staff directed toward understanding
