R432-150-26. Housekeeping Services
(ii) If housekeeping personnel also work in food services or direct patient care services, the facility must develop and implement employee hygiene and infection control measures to maintain a safe, sanitary environment.

R432-150-10. Staff and Personnel
(3) The facility shall establish a personnel health program through written personnel health policies and procedures.

(4) The facility shall complete a health evaluation and inventory for each employee upon hire.

(a) The health inventory shall obtain at least the employee's history of the following:

(i) conditions that predispose the employee to acquiring or transmitting infectious diseases; and

(ii) conditions which may prevent the employee from performing certain assigned duties satisfactorily.

(b) The health inventory shall include health screening and immunization components of the employee's personnel health program.

(c) Infection control shall include staff immunization as necessary to prevent the spread of disease.

(d) Employee skin testing and follow up for tuberculosis shall be done in accordance with R388-804. Tuberculosis Control Rule.

(e) All infections and communicable diseases reportable by law shall be reported by the facility to the local health department in accordance with R386-702-2.

(5) The facility shall plan and document in-service training for all personnel.

(a) The following topics shall be addressed at least annually:
(i) fire prevention;
(ii) review and drill of emergency procedures and evacuation plan;
(iii) the reporting of resident abuse, neglect or exploitation to the proper authorities;
(iv) prevention and control of infections;

(4) Infection reporting must be integrated into the quality assurance plan and must be reported to the Department in accordance with R386-702, Communicable Disease Rule.

R432-152-17. Nursing Services. (2) Nursing services shall coordinate with other members of the interdisciplinary team to implement appropriate protective and preventive health measures that include: (b) control of communicable diseases and infections, including the instruction of other personnel in methods of infection control;

(1) Infection control procedures and reporting shall comply with R432-150-11(4).

(1) The administrator shall monitor the quality of services offered by the facility through the formation of a committee that addresses infection control, pharmacy, therapy, resident care, and safety, as applicable.
(4) Infection Control Requirements.
See R432-150-11.
