PATIENT ASSESSMENT AND CARE PLANNING

(c) The facility shall develop a comprehensive care plan for each patient and shall include measurable objectives and timetables to meet needs identified in the comprehensive assessment. The facility shall ensure the comprehensive care plan is developed within seven days of completion of the comprehensive assessment by an interdisciplinary team that includes a registered nurse with responsibility for the patient and representatives of other appropriate disciplines as dictated by the needs of the patient. To the extent practicable, preparation of the comprehensive care plan shall include the participation of the patient and the patient's family or legal representative. The physician may participate by alternative methods, including, but not limited to, telephone or face-to-face discussion, or written notice.
