§11-94-11 Dietetic services.

...(e) A nutritional assessment and plan for each patient shall be recorded in the medical record. The plan should be incorporated in the overall plan of care and reviewed regularly.

§11-94-23 Nursing services.

(b) Nursing services shall include at least the following:

(1) Assessment of each patient and development and implementation of an appropriate plan of care.

(2) A nursing care plan incorporated in the overall patient care plan and reviewed at least as often as the patient is certified and recertified for a level of care.

(3) Nursing observations and summaries of the patient’s status recorded monthly or more frequently if appropriate due to changes in patient's condition.

...(10) Coordination of an overall plan of care for each patient, consonant with the attending physician's medical care plan, and developed by the disciplines providing services in the facility.

§11-94-28 Physician's services.

...(d) Physicians shall participate as appropriate in the interdisciplinary evaluation of patients and their plan of care.

(e) Physicians shall provide an annual health evaluation of each patient.

(g) Each patient shall have a physical examination by a physician within five days prior to admission or within one week after admission, and shall have had tuberculosis clearance as required by section 11-94-15(c)(10) and (11) within the previous year.

§11-94-29 Rehabilitative services.

... (b) A written rehabilitative plan of care shall be provided which is based on the attending physician's orders and assessment of patient's needs in regard to specialized rehabilitative procedures. It shall be incorporated in and regularly reviewed in conjunction with the overall patient care plan.
