7 AAC 12.870. Emergency care service

(h) Except as provided in 7 AAC 12.150(h), the department may waive compliance with, or grant a variance from, a requirement in this section if the commissioner determines that an equivalent alternative is provided and the safety and well-being of patients is assured. If a facility wishes to obtain a waiver or variance, its governing body must apply in writing to the commissioner and must include in the application (1) the justification for the waiver;

(2) an explanation of the reasons why the particular requirement cannot be satisfied;

(3) a description of the equivalent alternative proposed; and

7 AAC 12.925. Accredited entities

(a) An entity licensed under this chapter with a current accreditation from a nationally recognized organization with standards the department determines meet the intent of AS 47.32 and this chapter may submit a written request to the department for a waiver of a biennial inspection by the department under AS 47.32.060. The entity must submit a separate request for each licensing period during which the accrediting organization inspected the entity. The entity must include with the request a copy of the accrediting organization’s most recent report of inspection, and a plan of correction and proof of corrective action if applicable.

(b) The department will waive its biennial inspection under AS 47.32.060 during the licensing period in which the accrediting organization conducted an inspection if the entity passed that inspection or has corrected any deficiencies noted by the accrediting
organization. The inspection waiver will be in effect for the remainder of that licensing period unless revoked under (c) of this section.

(c) Nothing in this section precludes the department from responding to a complaint received under AS 47.32.090, and from taking any necessary action under AS 47.32.130 or 47.32.140. If the entity fails to fulfill any plan of correction developed under AS 47.32.130 or 47.32.140, the waiver from inspection will be revoked.
