### **NAC 449.716 Dietary services for Intermediate Care Facilities. (NRS 449.037)**

7. Where a facility operates on the cottage plan, provision must be made for food service that ensures hot, palatable meals. If the cottage plan provides for a central dining area, walkways to the dining area providing protection from the elements must be provided.

### **NAC 449.7338 Dining and Storage Space for Intermediate Care Facilities. (NRS 449.037)**

1. Dining space of 15 square feet (1.39 square meters) per seated person must be provided for ambulatory patients, staff and visitors.

2. Tables and chairs must be of proper height and of sufficient number to provide seating for the number of residents authorized for the facility. They must be sturdy and have easily washable surfaces. Chairs must be constructed so that they do not overturn easily.

8. A resident must be served meals in his bedroom for not more than 14 consecutive days if he is temporarily unable to eat in the dining room because of an injury or illness. The facility may serve meals to other residents in their rooms upon request. If a meal is served to a resident in his room because the resident is unable to eat in the dining room the facility shall maintain a record of the times and reasons for serving meals to the resident in his room.
