

***Department of Public Health***

***Public Health Code***

- (f) Diagnostic and therapeutic facilities. Facilities, equipment and qualified personnel, under competent medical supervision, shall be provided for necessary diagnostic and therapeutic procedures, adequate for the needs of the hospital. These shall include, as a minimum, a clinical laboratory and radiological services as approved by the state department of health. Provision for surgical and pathological services, if not available in the hospital, shall be made by affiliation with a hospital qualified to render such services.
