

(g) Pharmacy:

- (1) There shall be a competent pharmacist, registered in Connecticut, who shall be responsible to the administrator for all pharmaceutical services in the hospital. In chronic disease and rehabilitation hospitals with more than one hundred beds, he shall serve on a full-time basis.
- (2) The hospital pharmacy shall be operated in compliance with all applicable state and federal drug laws and regulations.
- (3) The premises shall be kept clean, adequately lighted, and ventilated and the equipment and facilities necessary for compounding, dispensing, manufacturing, producing or processing of drugs shall be maintained in good order.
- (4) Drugs used in the hospital shall meet standards established by the United States Pharmacopeia, The National Formulary or the Federal Food and Drug Administration and shall be stored and kept so as to insure their proper purity and strength. A medical staff pharmacy committee in conference with the pharmacist shall formulate policies to control the administration of toxic or dangerous drugs with specific reference to the duration of the order and dosage.
