§11-94-18 In-service education.

(a) There shall be a staff in-service education program that includes:

(1) Orientation for all new employees to acquaint them with the philosophy, organization, program, policies, and procedures, practices, and goals of the facility.

(2) In-service training for employees who have not achieved the desired level of competence, and continuing in-service education to update and improve the skills and competencies of all employees.

(3) In-service training which shall include annually: prevention and control of infections, fire prevention and safety, accident prevention, patient's rights, and problems and needs of the aged, ill, and disabled. Provision shall be made for training appropriate personnel in cardiopulmonary resuscitation and appropriate first aid techniques.

(b) Records shall be maintained for all orientation and staff development programs.
