

Michael Davern, Ph.D.
December 2008

Office: SHADAC
Health Policy and Management
University of Minnesota
2221 University Avenue S.E., Suite 345
Minneapolis, MN 55414
Telephone: (612) 625-4835

E-mail: daver004@umn.edu

Education:

University of Notre Dame, Notre Dame, Indiana. Ph.D. in Sociology, May 1999.

Colorado State University, Fort Collins, Colorado. M.A. in Sociology, December 1994.

Saint John's University, Collegeville, Minnesota. B.A. in Sociology, May 1992.

Employment:

Assistant Professor, Health Policy and Management, School of Public Health, University of Minnesota. February 2004-Present.

Research Director, State Health Access Data Assistance Center, School of Public Health, University of Minnesota. February 2004-Present.

Co-Director, U.S. Census Bureau Research Data Center, Office of the Vice President for Research, University of Minnesota

Research Associate, State Health Access Data Assistance Center, School of Public Health, University of Minnesota. October 2000-February 2004.

Statistician, Labor Force and Transfer Programs Statistics Branch, US Census Bureau January 1999-October 2000.

Honors and Awards:

John D. Thompson Prize for Young Investigators. Association for University Programs in Public Health Administration (AUPHA). 2008.

Fesler-Lampert Chair in Aging Studies, University of Minnesota, 2005-2006.

Eli J. and Helen Shahean Graduate School Award in the Social Sciences,
University of Notre Dame, 1999.

Dissertation Year Fellowships, Department of Sociology at the University of
Notre Dame 1998-1999 and 1996-1997.

John J. Kane Memorial Award for the Outstanding Graduate Student in
Sociology, the University of Notre Dame, 1996-1997.

Research Grants and Contracts:

2007-2012. "National Children's Study in Ramsey county location." National Institute health, National Institute Child Health and Development, Investigator (PI: Pat McGovern). University of Minnesota, School of Public Health. (\$14 million, contract #HHSN267200700022C, award #20098534-A01). We will enroll 1000 children pre-birth and many pre-conception into a large multi-center longitudinal data collection project lasting until the Children are adults. We will collect demographic, environmental samples, and biomarker data form the children and mothers we enroll in the study.

2008-2012. "Integrated Spatio-Temporal Aggregate Series". National Institute of Health, National Institute Child Health and Development, Investigator (PI: Steven Ruggles). University of Minnesota, Minnesota Population Center (\$ 3.6 Million dollars requested). We will integrate Census Bureau data tables from 1850-presnt to compliment the microdata we have already harmonized as part of the IPUMS projects.

2008-2012. "IPUMS USA Redesign". National Institute of Health, National Institute Child Health and Development, Investigator (PI: Steven Ruggles). University of Minnesota, Minnesota Population Center (2.9 million). The goals

of this grant is to improve the Current Population Survey, American Community Survey and decennial census microdata for use by researchers.

2008-2010. “Survey Nonresponse Bias, HIPAA, and Mixed Data Collection Modes”. National Institute of Health, National Cancer Institute (PI: Tim Beebe). Mayo Clinic with a subcontract to the University of Minnesota School of Public Health (140,000). This proposal seeks funding to conduct a systematic analysis of survey nonresponse bias using an unprecedented amount of health-related information on both respondents and nonrespondents to determine how nonresponse bias might be affected by the inclusion of a HIPAA Authorization Form and the use of a mixed-mode data collection design.

2007-2011. “New Data Resources from the 1960 U.S. Census.” National Institute of Health, National Institute Child Health and Development, Investigator (PI: Steven Ruggles). University of Minnesota, Minnesota Population Center (Total amount requested \$3,007,267). This collaboration between the Minnesota Population Center and the Census Bureau has two goals: 1) to recover lost data from the 1960 Census of Population and Housing, and 2) to create a range of new public-use and restricted data products for the 1960 census.

2005-2007. “Survey of the Health of All the Population and the Environment in Hennepin County (SHAPE III).” Hennepin County (Minnesota), Co-Principal Investigator (PI: Todd H. Rockwood). University of Minnesota School of Public Health, Division of Health Policy and Management (406,143). Contribute to development of instrument, sampling plan and oversee and conduct field work for the study.

2007-2008. “Respondent Driven Sampling.” Blue Cross Blue Shield of Minnesota, Co-Principal Investigator (PI: Todd H. Rockwood). University of Minnesota School of Public Health, Division of Health Policy and Management (250,000). Develop and implement an experiment to evaluate respondent driven sampling as a sampling alternative to RDD and list assisted sampling methods.

2004-2007. “DREGAN: Smoking Prevalence In Latino And South East Asian Communities.” Minnesota Partnership for Action Against Tobacco, Co-Principal Investigator (PI: Todd H. Rockwood). University of Minnesota School of Public Health, Division of Health Services Research and Policy (825,920). Develop culturally sensitive questionnaires and implement a mixed mode study evaluating community identification and smoking behavior in Latino and four Southeast Asian populations (Hmong, Vietnamese, Cambodian, Laotian).

2005-2008. “State Health Access Data Assistance Center (SHADAC).” The Robert Wood Johnson Foundation, Co-Principal Investigator (PI: Lynn A. Blewett). University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$1,499,450). Research and technical assistance on state and federal health survey data.

2005-2006. “Improving Data and Methodology on Health Insurance Coverage in Federal and State Surveys.” Agency for Healthcare Research and Quality/Office of the Assistant Secretary for Planning and Evaluation, Principal Investigator. University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$250,000). We will systematically compare states rates of health insurance coverage from federal surveys to those collected by states and report the major differences.

2005. “Health Services and Resources Administration (HRSA) Louisiana Small Area Estimation”. Department of Health and Hospitals State of Louisiana, Principal Investigator. University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$41,625). Develop estimates of uninsurance for small areas (e.g., parishes) in Louisiana using data from the recent Louisiana household survey.

2005. “Cover the Uninsured Week”. The Robert Wood Johnson Foundation, Principal Investigator. University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$20,007). Update the research report “Characteristics of the Uninsured a View from the States” for Cover the Uninsured Week.

2005. “National Survey of Children’s Health (SLAITS) Back to School Analyses.” The Robert Wood Johnson Foundation, Principal Investigator. University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$49,561). Develop the report “Going Without: America’s Uninsured Children” for the Robert Wood Johnson Foundation’s Back to School Campaign.

2005-2006. “Modifiable Health Behaviors.” Blue Cross and Blue Shield of Minnesota, Principal Investigator. University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$49,816). We will analyze survey questions linked to claims and utilization data to assess the effect of modifiable health behaviors (smoking, exercise and nutrition) on short-term health care costs.

2004-2007. “Uncovering the Underrepresented: Survey Population Coverage, Administrative Data Duplication, and Survey Reporting Error.” Robert Wood Johnson Foundation, Principal Investigator. University of Minnesota, Minnesota Population Center (340,000). The project subcontracts with the US Census Bureau to link state Medicaid program enrollment data, and the national Medicaid Statistical Information System to the Census Bureaus Master Address File and Current Population Survey to examine why survey's produce such a large undercount of Medicaid enrollees relative to Medicaid enrollment data.

2004-2006. "IPUMS Redesign Supplement." National Institute of Health, National Institute Child Health and Development, Co-Principal Investigator (PI: Steven Ruggles). University of Minnesota, Minnesota Population Center (\$150,000). The project seeks to improve estimation of variances and confidence intervals in analyses using the Integrated Public Use Microdata Series.

2005-2009. "International Integrated Microdata Series." National Science Foundation, Investigator (PI: Steven Ruggles). University of Minnesota, Minnesota Populations Center (\$5,152,362). The major goal of this project is to create an integrated global database of over 150 censuses from at least 44 countries.

2004-2009. "Integrated Health Interview Series." National Institute of Health, National Institute Child Health and Development, Investigator (PI: Lynn Blewett). University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$3,518,524).

2004-2005. "The Medicaid Undercount: Real or Perceived Bias in Estimates of Coverage in General Population Surveys." Robert Wood Johnson Foundation, Investigator (PI: Kathleen Thiede Call). University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$738,409).

2003-2004. "Nebraska State Planning Grant: The Nebraska Plan to Expand Health Insurance Coverage" Office of Public Health, Nebraska Health and Human Services System and the University of Nebraska – Lincoln, Principal Investigator, University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$38,000).

2004-2005. "Estimating the Need for Treatment For Substance Abuse Among Adults in Minnesota" Minnesota Department of Human Services, Investigator (PI: Donna D. McAlpine). University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$799,976).

2003-2004. "Oklahoma State Planning Grant" Oklahoma Health Care Authority (Prime: U.S. Department of Health and Human Services, Health Resources and Services Administration), Investigator (PI: Meg Good), University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$430,000).

2003-2004. "Virginia State Planning Grant" Office of Health Policy and Planning, Virginia Department of Health, Investigator (PI: Lynn Blewett), University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$350,000).

2003-2004. "Missouri State Planning Grant" Division of Community Health, Missouri Department of Health and Senior Services, Investigator (PI: Meg

Good), University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$148,983).

2002-2004. "Minnesota Adult Tobacco Use Prevalence Study and Administrative Records Health Insurance Status Verification Study." Blue Cross and Blue Shield of Minnesota. Contract no. 388455, Principal Investigator (Co-PI: Dr. Kathleen Thiede Call), University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$67,628).

2002-2003. "Montana State Planning Grant: A Big Sky Opportunity to Expand Health Insurance Coverage" Montana Department of Public Health and Human Services (Prime: U.S. Department of Health and Human Services, Health Resources and Services Administration) Contract No. 389410, Co-Principal Investigator (PI: Dr. Timothy J. Beebe), University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$99,484).

2002-2003. "Indiana State Planning Grant: Health Insurance for Indiana Families" Indiana Family and Social Services Administration (Prime: U.S. Department of Health and Human Services, Health Resources and Services Administration) , Co-Principal Investigator (PI: Dr. Timothy J. Beebe), University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$97,103).

2002-2003. "U.S. Virgin Islands State Planning Grant" Office of the Governor, U.S. Virgin Islands (Prime: U.S. Department of Health and Human Services, Health Resources and Services Administration) Contract No. 376536, Co-Principal Investigator (PI: Dr. Timothy J. Beebe) , University of Minnesota School of Public Health, Division of Health Services Research and Policy (\$99,484).

1997. Doctoral Dissertation Research Grant, National Science Foundation, Co-Principal Investigator, University of Notre Dame, Department of Sociology (5,000).
