Each facility shall ensure that each staff member wears an identification badge that clearly indicates the staff member’s name and title.

310:675-1.4. Purpose, authority and indoor tobacco smoke
(a) The purpose of this section is to establish a prevention program for several non-communicable diseases, which will improve the health of Oklahomans by eliminating exposure to secondhand tobacco smoke and its deadly effects. This section abates the public health nuisance of secondhand smoke under the authority of the Commissioner of Health as specified under Section 1-106(b)(1) of Title 63 of the Oklahoma Statutes. This section also further specifies how compliance with the Smoking in Public Places Act will be accomplished. [63 O.S. §§ 1-1521 et seq.]
(b) The Commissioner of Health has conducted a study and is recommending these measures to the Board of Health under his authority as stated in section 1-106 of the Public Health Code. [63 O.S. § 1-106] The Board has the authority to establish prevention programs for non-communicable disease and to promulgate rules for the control of causative or toxic substances, which can cause disease under section 1-502b of the Public Health Code. [63 O.S. § 1-502b] The Board is adopting this rule under its authority in sections 1-104 and 1-1526 of Title 63 of the Oklahoma Statutes. [63 O.S. §§ 1-104 & 1-1526]
(c) Smoking or possessing a lighted tobacco product is prohibited in a facility and within fifteen (15) feet of each entrance to a facility and of any air intakes; provided however, the facility may provide a smoking room available to the residents and their guests and another room available to the employees.
(d) An indoor smoking room may be provided if:
(1) It is completely enclosed;
(2) It is exhausted directly to the outside and maintained under negative pressure sufficient to prevent any tobacco smoke from entering non-smoking areas of the building;
(3) It allows for visual observation of the residents from outside of the smoking room; and
(4) The plans are reviewed and approved by the Department.
(e) To enable better observation and supervision of residents who wish to smoke outside, a facility may designate a smoking area outside an entrance other than the main entrance which may be closer than fifteen (15) feet to the entrance providing consideration is given to minimizing the possibility of smoke entering the building.
(f) The walkway to the main entrance shall also be smoke free.
(g) No ashtray shall be located closer than fifteen (15) feet to an entrance, except in an indoor smoking room or a designated outdoor smoking area under paragraph "c" above.

(3) The facility is unable to meet the needs of the resident.
(b) The Department may order the removal of all the residents to close the facility.
(c) The Department shall involve the resident and the resident's family or representative in the decision to relocate the resident; however, the Department may move the resident without the consent of the resident or the family if necessary to preserve the health, welfare or safety of the resident. If the resident does not consent, then if possible a member of the Adult Protective Services staff must agree in writing that the resident needs to be moved.
(d) The Department shall give written notice to the resident and to the facility of the reasons for the discharge or transfer if the resident or the resident's families do not agree to transfer the resident.
(e) If the resident has no specific preference, the Department shall relocate the residents to the nearest facility capable of care for the resident if acceptable to the resident.
(f) Should a resident be aggrieved by the decision of the Department to relocate or transfer that resident, the Department shall conduct a hearing before relocating the resident unless to do so will fail to preserve the health, welfare or safety of the resident.
(g) The hearing will be conducted following Chapter 2 of this title and the Administrative Procedures Act.
(h) The hearing will be conducted at the facility, and will be attended by the Administrative Law Judge and the Department's legal counsel. The Department will maintain a record on the case as it would for another individual proceeding.
(i) The Administrative Law Judge shall make this case a priority and shall issue a written opinion within one working day from the close of the hearing.
(j) The Administrative Law Judge's order shall include findings of fact, conclusions of law and an order that the transfer was according to law or not.
(k) The order may be appealed to District Court as in any other individual proceeding under the Administrative Procedures Act.

(e) The applicant for license shall disclose the name, address, and tax identification number of a person or entity who has the legal duties of filing employment tax returns and paying employment taxes with respect to staff required to meet the needs of facility residents, including but not limited to administrators, nurses, nurse aides, certified medication aides, dieticians, nutritionists, food service staff, qualified mental retardation professionals, and activities, social services, maintenance and housekeeping personnel.

310:675-3-5.1. Description of forms

(a) The forms used to apply for a facility license are the following.

(1) The License Application for a Nursing or Specialized Facility (Form 953-A) requires: identification of the type of license; the name and address of the facility; the administrator’s name; the number and type of beds; the applicant’s name; confirmation of changes in the owner, lessee, manager or any person or entity disclosed pursuant to 310:675-3-1.1(e); a zoning statement for new facilities; and an oath affirming the truth, correctness and completeness of the information provided.

(2) The Disclosure Statement of Owner, Lessee and Manager for a Nursing or Specialized Facility (Form 953-B) requires: the names and types of legal entities for the owner, lessee and manager; name, address and tax identification number for any person or entity disclosed pursuant to 310:675-3-1.1(e); and an oath affirming the truth, correctness and completeness of the information provided.

(3) The Detail Attachment (Form 953-C) supplements the Disclosure Statement (Form 953-B) and requires the names and addresses for the following as applicable:

(A) All shareholders owning 5% or more of a corporate entity and all officers of a corporate entity;
(B) All partners of a general partnership;
(C) All general partners and all limited partners that own 5% or more of a limited partnership;
(D) All members that own 5% or more of a limited liability company and all managers of a limited liability company;
(E) All beneficiaries that hold a 5% or more beneficial interest in a trust and all trustees of the trust;
(F) All persons or entities that own a 5% or more interest in a joint venture;
(G) All persons or entities that own a 5% or more interest in an association;
(H) The owners holding a 5% or more interest of any other type of legal entity; and
(I) Any other person holding at least a five percent (5%) interest in any entity which owns, operates, or manages the facility.

(J) As a substitute to submitting a Disclosure Statement and Detail Attachment, if the owner, lessee and/or manager is an entity that is publicly traded and is required to file periodic reports under the Securities and Exchange Act of 1934, or is a wholly owned subsidiary of such a publicly held company, the applicant may submit the applicable portions of the most recent annual and quarterly reports required by the Securities and Exchange Commission (SEC). The applicant shall include an index reflecting where each item of information required to be disclosed pursuant to the Disclosure Statement and Detail Attachment may be located in the SEC filings. Submission of the complete SEC filing is not required. Only those portions applicable to the Disclosure Statement and Detail Attachment are to be submitted.

(K) The required disclosure shall also be made by all persons or entities with an ownership interest in any entity required to be disclosed in paragraphs (A) through (I) of this section that is equal to a 5% or more indirect ownership interest in the owner, lessee and/or manager. The disclosure shall be made at each level of the organization to the extent required by this subsection.
(L) For purposes of subsection (K), the percentage of indirect ownership interest in the owner, lessee and/or manager is determined by multiplying the percentages of ownership in each entity. For example, if A owns 10% of the stock in a corporation that owns 80% of the applicant for license, A’s interest equates to an 8% indirect ownership interest in the applicant and must be reported. Conversely, if B owns 80 percent of the stock of a corporation that owns a 5% interest of the stock of the applicant, B’s interest equates to a 4% indirect ownership interest in the applicant and need not be reported.

(4) The Affirmation Attachment (Form 953-D) supplements the Disclosure Statement (Form 953-B) and requires the following: the names and addresses of individuals, members, officers and/or registered agents required to be disclosed for the applicant pursuant to 310:675-3.1.1(a)(3); and an affirmation from each of the above concerning their age, character and health.

(5) The Staffing Projection and Professional Certification for a Nursing or Specialized Facility (Form 953-E) requires: a projected staffing pattern; and a certification from the director of nursing, the physician on call for medical emergencies, and the pharmacist providing consultation and emergency pharmacy services.

(b) The Notice of Change requests information on the name and address of the facility; the administrator; the number and type of beds; the applicant; confirmation of changes in the owner, lessee or manager; and any change in disclosure of persons or entities pursuant 310:675-3.1.1(e).

(a) If changes occur so that information previously submitted in a facility's license application is no longer correct, the facility shall notify the Department. Notice is required of changes to the following information:

(1) Facility identification including facility business name, mailing address, telephone number or facsimile number;

(2) Changes in licensed bed capacity, including proposed increases;

Section 1-1905(A), prorated by the number of beds to be added and the proportion of time remaining on the license until expiration. Prior to occupying additional beds, the facility shall obtain an amended license from the Department.

(c) Following receipt of information that an applicant or any person or entity disclosed pursuant 310:675-3.1.1(e) is not in compliance with the tax filing, payment or disclosure requirements of 310:675-3.1.1 or 63 O.S. Section 1-1930.1, the Department may require an applicant or licensee to
submit proof that the applicant or person or entity disclosed pursuant to 310:675-3-1.1(e) is in compliance with state or federal taxes. Such proof may include a letter from the taxing agency, a file-stamped copy of a return, a receipt for a tax payment, or a tax transcript or account.

(a) Reasons for transfer or discharge. Involuntary transfer or discharge of a resident may be initiated by a facility only for one or more of the following:
(1) Medical reasons, including needs that the facility is unable to meet, as documented by the attending physician, in consultation with the medical director if the medical director and attending physician are not the same person.
(2) The resident's safety, or for the safety of other residents, as documented by the clinical record. The facility shall show through medical records that:
(A) the resident has had a comprehensive assessment by an interdisciplinary team and alternative measures have been attempted unsuccessfully; or
(B) the resident is a danger to himself, herself or other resident as documented by the medical record and the facility is not capable of managing that resident.
(3) The non-payment of charges for the resident's care as documented by the facility's business records for services for more than 30 days.
(b) Procedures. Procedures for involuntary transfer or discharge by the facility are as follows:
(1) Written notice shall be provided at least thirty (30) days in advance of the transfer or discharge date to the resident, resident's legal representative, person responsible for payment of charges for the resident's care, if different from any of the foregoing, and the Department.
(2) The ten day requirement shall not apply when an emergency transfer is mandated by the resident's health care needs and is in accordance with the attending physician's written orders and medical justification; or the transfer or discharge is necessary for the physical safety of other residents as documented in the clinical record. The facility shall not use a discharge to a hospital as a reason for failing to re-admit a resident after release from the hospital to the first available bed in a semi-private room. Such action shall be considered to be an involuntary discharge subject to all the requirements of this section, unless the discharge was required by the Department.
The written notice shall include:

(A) A full explanation of the reasons for the transfer or discharge;
(B) The date of the notice;
(C) The date notice was given to the resident and the resident's representative;
(D) The date by which the resident must leave the facility; and
(E) Information that the resident's representative or person responsible for payment of the resident's care who is aggrieved by the facility's decision, may file within ten (10) days of notice a written request for a hearing with the Department by sending a letter to the Hearing Clerk, Oklahoma State Department of Health, 1000 NE Tenth Street, Oklahoma City, OK 73117.

Failure of the facility to give the notice as substantially specified above shall result in an order without hearing from the Department denying the right of the facility to discharge the resident.

If a written request for a hearing is properly filed by an eligible aggrieved party, the Department shall convene a hearing within ten working days of receipt of the request. The request may be in the form of a letter or a formal request for hearing from the resident or resident's representative. In the event that the resident is unable to write, a verbal request made to the hearing clerk shall be sufficient. The Department shall reduce the verbal request to writing and send a copy to the resident. The request should state the reason for the discharge and attach a copy of the letter from the facility.

During the pendency of the hearing, the facility shall not discharge the resident unless the discharge was required by the Department or is an emergency situation. If the resident relocates from the facility but wants to be readmitted, the Department may proceed with the hearing and the facility shall be required to readmit the resident to the first available bed in a semi-private room if the discharge is found not to meet the requirements of the Nursing Home Care Act and OAC 310:675.

The Department shall provide the Administrative Law Judge and the space for the hearing. The parties, including the resident and the facility, may be represented by counsel or may represent themselves.

The hearing shall be conducted at the Oklahoma State Department of Health building unless there is a request for the hearing to be held at the facility or at another place. Providing the hearing room in such a case shall be the responsibility of the parties. The Department shall maintain a record on the case as it does for any other individual proceeding.

The hearing shall be conducted in accordance with the Department’s procedures, Chapter 2 of this Title. The Administrative Law Judge’s order shall include findings of fact, conclusions of law and an order as to whether or not the transfer or discharge was according to law. If a facility receives federal funds for services, it shall also comply with the certification standards. The more restrictive rule toward the facility shall be applied.

If the Administrative Law Judge finds that the discharge was not according to law, the Department shall review, investigate and issue deficiencies as appropriate.

The Administrative Law Judge shall render a written decision within ten working days of the close of the record.

If the Administrative Law Judge sustains the facility, the facility may proceed with the discharge. If the Administrative Law Judge finds in favor of the resident, the facility shall withdraw its notice of intent to transfer or discharge the resident. The decision of the Administrative Law
Judge shall be final and binding on all parties unless appealed under the Administrative Procedures Act.

(c) **Room relocation**

(1) If a facility wants to relocate a resident from one room to another, the facility shall give the resident at least forty-eight hours written notice. The notice shall include the cost of transferring the resident’s telephone, if applicable.

(2) If the resident or the resident’s representative agrees in writing to the relocation, the relocation may take place in less than forty-eight hours.

(3) No hearing is required if the resident requests or agrees to relocation from one room to another.

The facility shall also report such deaths to the Department.

(f) **Reporting missing residents.** The facility shall report missing residents to the Department after a search of the facility and facility grounds and a determination by the facility that the resident is missing. Where physical harm has occurred to a resident as a result of a suspected criminal act, a report shall immediately be made to the municipal police department or to the sheriff’s office in the county in which the harm occurred. A facility that is not clear whether the incident should be reported to local law enforcement should consult with local law enforcement.

Continuation of care to facility residents may include closure of the facility and transfer of residents to another facility.

(b) The temporary manager shall submit the request for an advance of funds to the Department on the form described in (c) of this section. The request shall include a demonstration to the Commissioner's satisfaction that funds are needed but not available from sources including but not limited to:

1. The facility's owner;

(3) An affidavit to be completed by the temporary manager if the owner fails to provide funds to the temporary manager as required by order of the Commissioner; and
(4) A statement to be signed under oath by the temporary manager that the information provided in the application is true and complete.

d) Upon receipt of a completed application that demonstrates to the Commissioner's satisfaction the unavailability of sufficient funds from other sources, the Commissioner shall issue a written order with the following provisions:
(1) Direction to the facility owner to respond to the Department in writing and to make funds available to the temporary manager within 48 hours of issuance of the order;
(2) Notice to the facility owner that the owner's failure to provide sufficient funds shall result in action against the owner under the Nursing Home Care Act to suspend, revoke, and/or refuse to issue or renew the facility's license, and to impose an administrative penalty;
(3) Notice to the facility owner of the provision in 63 O.S. Supp. Section 1-1914.2(G) that such advances by the Department if not repaid in full shall constitute a lien against any and all assets of the owner; and

The temporary manager has no right to funds from the Department.

(b) If the Commissioner determines that conditions at a facility represent immediate jeopardy to residents and that the notice required in (a) of this section is likely to result in irreparable harm to residents, the Commissioner shall declare an emergency and appoint a temporary manager without prior notice to the owner of the building or the licensee. Upon appointing a temporary manager without prior notice, the Commissioner shall notify the owner of the building and the licensee of the right to a hearing as provided in 63 O.S. 310:675-17-3. Acceptable Plan of Correction
(a) All facilities having deficiencies must submit an acceptable plan of correction within ten (10) working days after receipt of notice of violation [63:1-1914.A.]. An acceptable plan of correction must:
(1) Address how corrective action will be accomplished for those residents and/or clients found to have been affected by the deficient practice.
(2) Address how the facility will identify other residents and/or clients having the potential to be affected by the same deficient practice. Plans of correction specific to residents identified on the deficiency statement are acceptable only where the deficiency is determined to be unique to that resident and not indicative of a possible systemic problem.
(3) Address what measures will be put into place or systemic changes made to ensure that the deficient practice will not recur.
(4) Indicate how the facility plans to monitor its performance to make sure that solutions are sustained. This plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction shall be incorporated into the quality assurance system. At the revisit, the quality assurance plan shall be reviewed to determine the earliest date of compliance. If there is no evidence of quality assurance being implemented, the earliest correction date will be the date of the revisit.
(5) Include dates when corrective action will be completed for each violation. The corrective action completion dates shall not exceed sixty (60) days [63:1-1914.A.] from receipt of notice of violation.
(6) Be signed by the administrator.
(b) Upon written request from the facility, the Department may extend the time period within which the violations are to be corrected where correction involves substantial structural improvement [63:1-1914.A.].
(c) The department shall provide written notice of the acceptance or rejection of a plan of correction. If the Department finds that the plan of correction does not meet the requirements for an acceptable plan of correction as specified in OAC 310:675-17-3(a) the Department shall provide notice of the rejection and the reason for the rejection to the facility. The facility shall have ten (10) working days after receipt of the notice of rejection in which to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the Department shall impose a plan of correction, which the facility shall follow [63:1-1914.A.].
(d) Acceptance of the plan of correction by the Department does not absolve the facility of the responsibility for compliance should the implementation not result in correction and compliance. Acceptance indicates the Department’s acknowledgment that the facility indicated a willingness and ability to make corrections adequately and timely.

(e) If the violation has been corrected prior to submission and approval of a plan of correction, the facility may submit a report of correction in place of a plan of correction [63:1-1914.B.]. The report of correction shall address those requirements specified in OAC 310:675-17-3(a).

(f) As specified in 63 O.S. § 1-1914.C., facilities may request an extended correction time.

(g) As specified in 63 O.S. § 1-1914.D., facilities may contest any Department action under this section.

* Rinse water temperature at automatic warewashing equipment shall be 180° (82.1° C.).

** Required temperature of 160°F (70° C.) in the laundry area is that measured in the washing machine and shall be supplied so that temperature may be maintained over the entire wash and rinse period. Attention is called to the fact that control of bacteria in laundry processing is dependent upon a number of inter-related factors such as detergent, bleach, number of rinses and temperature. In most instances, maximum overall economies with acceptable results can be achieved with the use of 160° F. (70° C.) water. Lesser temperature may require excessive bleaching or other chemical treatment that would be damaging to fabrics.

Such written request shall be received at the Board offices not later than fourteen (14) calendar days prior to the Board Meeting at which the Board would act on the request. Licensee shall supply or cause to be supplied with or in support of such written application for reinstatement written evidence satisfactory to the Board of the following:

2. Completion of twenty-four (24) clock hours of approved continuing education or completion of Administrator University during the licensing year preceding the licensing year for which licensee is requesting reinstatement;

(c) For those licensees who had not completed or cannot provide written evidence verifying completion of the required twenty-four (24) clock hours of Continuing Education Units (CEUs) or completion of Administrator University in the licensing year preceding the licensing year in which his/her license would be reinstated to active status, such individuals have not met the requirements for license reinstatement as established by the Board and his/her license will not be reinstated to active status.

490:10-3-5. Application for licensure renewal
(a) Each applicant for a renewal of a license, whether the status of such license is 'active' or 'inactive', shall:

licensee shall not have recourse against the Board for non-renewal of his/her license.
(4) Submit to a criminal background check. If this occurs, and if he/she wishes to resume the practice of long term care administration, he/she must re-apply to the Board, fully satisfy any/all outstanding fees or fines owed to the Board, and meet current requirements for initial licensure as a long term care administrator.

As such, a suspended license shall be subject to expiration and shall be renewed as provided in this Section. Renewal of a suspended license shall not entitle the licensee to engage in the practice of long term care administration until the suspension is removed by the Board and the privilege to practice long term care administration is restored by the Board.
(c) It is the personal responsibility of each licensee to renew his/her license prior to the expiration date of the current license and, further, to ensure that the information he/she provides for purposes of renewal is true and accurate.
(d) If the license is not renewed by the last day of the current licensing year, the license lapses and the licensee is considered to have abandoned his/her license and does not hold a valid license as of 12:01 a.m. the first day of the ensuing licensing year and shall not hold a position or function in the capacity as a long term care administrator in Oklahoma.
(e) All individuals who failed to timely renew his/her license by the renewal deadline:

(f) All non-renewed licenses shall be presented to the Board at a meeting of the Board. The Board shall take formal action at that meeting to vacate all non-renewed licenses.
(g) Following this Board meeting, a listing of all licenses vacated by the Board shall be submitted to the Oklahoma State Department of Health, Long Term Care Services Division.

      (B) Proscription: The Health Care Administrator shall not:
         (i) Disclose professional or personal information regarding recipients of service to unauthorized personnel unless required by law or to protect the public welfare.
   (3) Expectation II: Individuals shall maintain high standards of professional competence.
