(1) The nursing home must meet the resident rights requirements of this section and those in the rest of the chapter.

(2) The resident has a right to a dignified existence, self-determination, and communication with, and access to individuals and services inside and outside the nursing home.

(3) A nursing home must promote and protect the rights of each resident, including those with limited cognition or other barriers that limit the exercise of rights.

(4) The resident has the right to:

(a) Exercise his or her rights as a resident of the nursing home and as a citizen or resident of the United States. Refer to WAC 388-97-0240;

(b) Be free of interference, coercion, discrimination, and reprisal from the nursing home in exercising his or her rights; and

(c) Not be asked or required to sign any contract or agreement that includes provisions to waive:

(i) Any resident right set forth in this chapter or in the applicable licensing or certification laws; or

(ii) Any potential liability for personal injury or losses of personal property.

(5) The nursing home must take steps to safeguard residents and their personal property from foreseeable risks of injury or loss.
388-97-0200
Free choice.

The resident has the right to:

(1) Choose a personal attending physician.

(2) Be fully informed in advance about care and treatment and of any changes in that care or treatment that may affect the resident's well-being.

(3) Participate in planning care and treatment or changes in care and treatment.

388-97-0220
Statute implemented in resident decision making, informed consent, and advance directives.

WAC 388-97-0240, 388-97-0260, and 388-97-0280 implement the federal Patient Self-Determination Act and clarify requirements under chapters 11.94, 7.70, 70.122, 11.88 and 11.92 RCW.

388-97-0240
Resident decision making.

(1) At the time of admission, or not later than the completion of the initial comprehensive resident assessment, the nursing home must determine if the resident:

   (a) Has appointed another individual to make his or her health care, financial, or other decisions;

   (b) Has created any advance directive or other legal documents that will establish a surrogate decision maker in the future; and

   (c) Is not making his or her own decisions, and identify who has the authority for surrogate decision making, and the scope of the surrogate decision maker's authority.

(2) The nursing home must review the requirements of (1) of this section when the resident's condition warrants the review or when there is a significant change in the resident's condition.

(3) In fulfilling its duty to determine who, if anyone, is authorized to make decisions for the resident, the nursing home must:
(a) Obtain copies of the legal documents that establish the surrogate decision maker's authority to act; and

(b) Document in the resident's clinical record:

(i) The name, address, and telephone number of the individual who has legal authority for substitute decision making;

(ii) The type of decision making authority such individual has; and

(iii) Where copies of the legal documents are located at the facility.

(4) In accordance with state law or at the request of the resident, the resident's surrogate decision maker is, in the case of:

(a) A capacitated resident, the individual authorized by the resident to make decisions on the resident's behalf;

(b) A resident adjudicated by a court of law to be incapacitated, the court appointed guardian; and

(c) A resident who has been determined to be incapacitated, but is not adjudicated incapacitated established through:

(i) A legal document, such as a durable power of attorney for health care; or

(ii) Authority for substitute decision making granted by state law, including RCW 7.70.065.

(5) Determination of an individual's incapacity must be a process according to state law not a medical diagnosis only and be based on:

(a) Demonstrated inability in decision making over time that creates a significant risk of personal harm;

(b) A court order; or

(c) The criteria contained in a legal document, such as durable power of attorney for health care.

(6) The nursing home must promote the resident's right to exercise decision making and self-determination to the fullest extent possible, taking into consideration his or her ability to understand and respond. Therefore, the nursing home must presume that the resident is the resident's own decision maker unless:

(a) A court has established a full guardianship of the individual;

(b) The capacitated resident has clearly and voluntarily appointed a surrogate decision maker;

(c) A surrogate is established by a legal document such as a durable power of attorney for health care; or

(d) The facility determines that the resident is an incapacitated individual according to RCW 11.88.010 and (5)(a) of this section.

(7) The nursing home must honor the exercise of the resident's rights by the surrogate decision maker as long as the surrogate acts in accordance with this section and with state and federal law which govern his or her appointment.

(8) If a surrogate decision maker exercises a resident's rights, the nursing home must take into consideration the resident's ability to understand and respond and must:

(a) Inform the resident that a surrogate decision maker has been consulted;

(b) Provide the resident with the information and opportunity to participate in all decision making to the maximum extent possible; and

(c) Recognize that involvement of a surrogate decision maker does not lessen the nursing home's duty to:

(i) Protect the resident's rights; and
Comply with state and federal laws.

The nursing home must:

(a) Regularly review any determination of incapacity based on (4)(b) and (c) of this section;

(b) Except for residents with a guardian, cease to rely upon the surrogate decision maker to exercise the resident's rights, if the resident regains capacity, unless so designated by the resident or by court order; and

(c) In the case of a guardian notify the court of jurisdiction in writing if:

(i) The resident regains capacity;

(ii) The guardian is not respecting or promoting the resident's rights;

(iii) The guardianship should be modified; or

(iv) A different guardian needs to be appointed.

388-97-0260
Informed consent.

(1) The nursing home must ensure that the informed consent process is followed with:

(a) The resident to the maximum extent possible, taking into consideration his or her ability to understand and respond; and

(b) The surrogate decision maker when the resident is determined to be incapacitated as established through the provision of a legal document such as durable power of attorney for health care, a court proceeding, or as authorized by state law, including RCW 7.70.065. The surrogate decision maker must:

(i) First determine if the resident would consent or refuse the proposed or alternative treatment;

(ii) Discuss determination of consent or refusal with the resident whenever possible; and

(iii) When a determination of the resident's consent or refusal of treatment cannot be made, make the decision in the best interest of the resident.

(2) The informed consent process must include, in words and language that the resident, or if applicable the resident's surrogate decision maker, understands, a description of:

(a) The nature and character of the proposed treatment;

(b) The anticipated results of the proposed treatment;

(c) The recognized possible alternative forms of treatment;

(d) The recognized serious possible risks, complications, and anticipated benefits involved in the treatment and in the recognized possible alternative forms of treatment including nontreatment; and

(e) The right of the resident to choose not to be informed.
To ensure informed consent or refusal by a resident, or if applicable the resident's surrogate decision maker, regarding plan or care options, the nursing home must:

(a) Provide the informed consent process to the resident in a neutral manner and in a language, words, and manner the resident can understand;

(b) Inform the resident of the right to consent to or refuse care and service options at the time of resident assessment and plan of care development (see WAC 388-97-1000 and 388-97-1020 and with condition changes, as necessary to ensure that the resident's wishes are known;

(c) Inform the resident at the time of initial plan of care decisions and periodically of the right to change his or her mind about an earlier consent or refusal decision;

(d) Ensure that evidence of informed consent or refusal is consistent with WAC 388-97-1000 and 388-97-1020; and

(e) Where appropriate, include evidence of resident's choice not to be informed as required in subsections (2) and (3) of this section.

388-97-0280

Advance directives.

(1) "Advance directive" as used in this chapter means any document indicating a resident's choice with regard to a specific service, treatment, medication or medical procedure option that may be implemented in the future such as power of attorney, health care directive, limited or restricted treatment cardiopulmonary resuscitation (CPR), do not resuscitate (DNR), and organ tissue donation.

(2) The nursing home must carry out the provisions of this section in accordance with the applicable provisions of WAC 388-97-0240 and 388-97-0260, and with state law.

(3) The nursing home must:

(a) Document in the clinical record whether or not the resident has an advance directive;

(b) Not request or require the resident to have any advance directives and not condition the provision of care or otherwise discriminate against a resident on the basis of whether or not the resident has executed an advance directive;

(c) In a language and words the resident understands, inform the resident in writing and orally at the time of admission, and thereafter as necessary to ensure the resident's right to make informed choices, about:

(i) The right to make health care decisions, including the right to change his or her mind regarding previous decisions;

(ii) Nursing home policies and procedures concerning implementation of advance directives; and

(d) Review and update as needed the resident advance directive information:

(i) At the resident's request;

(ii) When the resident's condition warrants review; and

(iii) When there is a significant change in the resident's condition.

(4) When the nursing home becomes aware that a resident's health care directive is in conflict with facility practices and
policies which are consistent with state and federal law, the nursing home must:

(a) Inform the resident of the existence of any nursing home practice or policy which would preclude implementing the health care directive;

(b) Provide the resident with written policies and procedures that explain under what circumstances a resident's health care directive will or will not be implemented by the nursing home;

(c) Meet with the resident to discuss the conflict; and

(d) Determine, in light of the conflicting practice or policy, whether the resident chooses to remain at the nursing home:

(i) If the resident chooses to remain in the nursing home, develop with the resident a plan in accordance with chapter 70.122 RCW to implement the resident's wishes. The nursing home may need to actively participate in ensuring the execution of the plan, including moving the resident at the time of implementation to a care setting that will implement the resident's wishes. Attach the plan to the resident's directive in the resident's clinical record; or

(ii) If, after recognizing the conflict between the resident's wishes and nursing home practice or policy the resident chooses to seek other long-term care services, or another physician who will implement the directive, the nursing home must assist the resident in locating other appropriate services.

(5) If a terminally ill resident, in accordance with state law, wishes to die at home, the nursing home must:

(a) Use the informed consent process as described in WAC 388-97-0260, and explain to the resident the risks associated with discharge; and

(b) Discharge the resident as soon as reasonably possible.

Preadmission screening — Level I.

(1) Preadmission screening (PAS) is a process by which individuals are evaluated:

(a) For the presence of a serious mental illness or a developmental disability, before admission to the nursing facility;

(b) For nursing facility level of care; and

(c) If the individual does have either a serious mental illness or a developmental disability, to determine whether there is a need for specialized services, or services of a lesser intensity.
(2) The referring hospital, physician, or other referral source must:

(a) Perform the identification screen using a standardized department-specified Level I screening form for all individuals seeking admission to a nursing facility unless they:

   (i) Are being readmitted to the nursing facility from the hospital; or

   (ii) Are being transferred from one nursing facility to another, with or without an intervening hospital stay.

(b) Identify whether the individual may have a serious mental illness or a developmental disability as defined under 42 C.F.R. § 483.102, or successor laws; and

(c) Refer all individuals identified as likely to have a serious mental illness or a developmental disability to the department for a nursing facility level of care assessment and a Level II screening.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-1920, filed 9/24/08, effective 11/1/08.]

388-97-1940
Advanced categorical determinations, not subject to preadmission screening — Level II.

Individuals identified as having symptoms of mental illness or a developmental disability and meeting any of the advanced categorical determinations do not need to be referred for a Level II screening. The determinations include that the individual:

(1) Is admitted to the nursing facility for respite care as defined under WAC 388-97-1880, or convalescent care, following treatment in an acute care hospital, not to exceed thirty days;

(2) Cannot accurately be diagnosed because of delirium. NOTE: The individual would be subject to a Level II screening when the delirium cleared;

(3) Has been certified by a physician to be terminally ill as defined under section 1861 (dd)(3)(A) of the Social Security Act;

(4) Has been diagnosed with a severe physical illness such as coma, ventilator dependence, and is functioning at a brain stem level;

(5) Has a severe level of impairment from diagnoses such as:

   (a) Chronic obstructive pulmonary disease;

   (b) Parkinson's disease;

   (c) Huntington's chorea;

   (d) Amyotrophic lateral sclerosis;

   (e) Congestive heart failure; or

   (6) Has a primary diagnosis of dementia, including Alzheimer's disease or a related disorder. NOTE: There must be evidence to support this determination.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-1940, filed 9/24/08, effective 11/1/08.]
388-97-1960
Preadmission screening — Level II.

(1) For individuals likely to have a serious mental illness or developmental disability, the department must determine their need for nursing facility level of care. If they meet the nursing facility level of care, the department refers them to the department's designee, either the mental health PASRR contractor or the division of developmental disabilities, for a Level II screening.

(2) In the Level II screening, the department's designee will verify the diagnosis and determine whether the referred individuals need specialized services, or services of a lesser intensity:

(a) "Specialized services" for an individual with mental retardation or related conditions is defined under 42 C.F.R. § 483.120 (a)(2), and 42 C.F.R. § 483.440 (a)(1), or successor laws. These specialized services do not include services to maintain a generally independent individual able to function with little supervision or in the absence of a treatment program; and

(b) "Specialized services" for an individual with a serious mental illness is defined under 42 C.F.R. § 483.120 (a)(1), or successor laws. These services are generally considered acute psychiatric inpatient care, emergency respite care, or stabilization and crisis services.

(3) The need for specialized services, for a nursing facility applicant, will be determined as follows:

(a) If the individual is identified as likely to have a serious mental illness, a qualified mental health professional will verify whether the individual has a serious mental illness and, if so, will recommend whether the individual needs specialized services; and

(b) If the individual is identified as likely to have a developmental disability, a licensed psychologist will verify whether the individual has a developmental disability and, if so, staff of the division of developmental disabilities will assess and determine whether the individual requires specialized services.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-1960, filed 9/24/08, effective 11/1/08.]

388-97-1980
Resident review.

After a resident's admission the nursing facility must:

(1) Review the Level I screening form for accuracy and make changes as needed if the resident develops a qualifying diagnosis or if the resident's symptoms were undetected or misdiagnosed;

(2) Refer residents who have qualifying diagnoses and who require further PASRR assessment to the mental health PASRR contractor or division of development disabilities;

(3) Record the identification screen information or subsequent changes on the resident assessment instrument according to the schedule required under 42 C.F.R. § 483.20;

(4) Maintain the identification screen form and PASRR assessment information, including recommendations, in the resident's active clinical record; and

(5) Promptly notify the mental health PASRR contractor or division of developmental disabilities after a significant change
in the physical or mental condition of any resident that is mentally ill or mentally retarded.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. 08-20-062, § 388-97-1980, filed 9/24/08, effective 11/1/08.]

388-97-2000

(1) The resident has the right to choose to remain in the nursing facility and receive specialized services if:

(a) He or she has continuously resided in a nursing facility since October 1, 1987; and

(b) The department determined, in 1990, that the resident required specialized services for a serious mental illness or developmental disability but did not require nursing facility services.

(2) In the event that residents chose to remain in the nursing facility as outlined in subsection (1) above, the department, or designee, will clarify the effect on eligibility for medicaid services under the state plan if the resident chooses to leave the facility, including its effect on readmission to the facility.

(3) An individual applying for admission to a nursing facility or a nursing facility resident who has been adversely impacted by a PASRR determination may appeal the department's determination that the individual is:

(a) Not in need of nursing facility care as defined under WAC 388-106-0350 through 388-106-0360;

(b) Not in need of specialized services as defined under WAC 388-97-1960; or

(c) Need for specialized services as defined under WAC 388-97-1960.

(4) The nursing facility must assist the individual applying for admission or resident, as needed, in requesting a hearing to appeal the department's PASRR determination.

(5) If the department's PASRR determination requires that a resident be transferred or discharged, the department will:

(a) Provide the required notice of transfer or discharge to the resident, the resident's surrogate decision maker, and if appropriate, a family member or the resident's representative thirty days or more before the date of transfer or discharge;

(b) Attach a hearing request form to the transfer or discharge notice;

(c) Inform the resident, in writing in a language and manner the resident can understand, that:

(i) An appeal request may be made any time up to ninety days from the date the resident receives the notice of transfer or discharge;

(ii) Transfer or discharge will be suspended when an appeal request is received by the office of administrative hearings on or before the date of transfer or discharge set forth in the written transfer or discharge notice; and

(iii) The resident will be ineligible for medicaid nursing facility payment:

(A) Thirty days after the receipt of written notice of transfer or discharge; or

(B) If the resident appeals under subsection (1)(a) of this section, thirty days after the final order is entered upholding the department's decision to transfer or discharge a resident.

(6) The department's home and community services may pay for the resident's nursing facility services after the time specified in subsection (5)(c)(iii) of this section, if the department determines that a location appropriate to the resident's
medical and other needs is not available.

(7) The department will:

(a) Send a copy of the transfer/discharge notice to the resident's attending physician, the nursing facility and, where appropriate, a family member or the resident's representative;

(b) Suspend transfer or discharge:

(i) If the office of administrative hearings receives an appeal on or before the date set for transfer or discharge or before the resident is actually transferred or discharged; and

(ii) Until the office of appeals makes a determination; and

(c) Provide assistance to the resident for relocation necessitated by the department's PASRR determination.

(8) Resident appeals of PASRR determinations will be in accordance with 42 C.F.R. § 431 Subpart E, chapter 388-02 WAC, and the procedures defined in this section. In the event of a conflict between a provision in this chapter and a provision in chapter 388-02 WAC, the provision in this chapter will prevail.
